school day

All resources
included

For Parents Choosing Not to Avail the Programme:

We truly understand that every family's priorities and decisions are different, and we sincerely respect each one.

For children who are not enrolled in LIMl's Gurukul, this time will be thoughtfully utilised through guided **classroom revision** and **reinforcement activities** with their teachers.

Our intention is never to make any child feel excluded. Every child will continue to spend this time in a caring, engaging and meaningful learning environment, where they remain supported, valued and encouraged.

Because at LIMl, every child matters—always.
